ABOUT DIASPORANS FOR PDP

Diasporans for PDP is a not-for-profit organization, registered and headquartered in the United States of America, and composed of people of Nigerian descent living in all parts of the world.

Our members are united by our desire to help build a better, safer, stronger and more prosperous Nigeria. We are a hands-on organization, a voice for the voiceless, with a mission to educate our brothers and sisters back home regarding the power they have through their votes, their civic responsibilities and expectations. We work hard to sensitize, mobilize and educate Nigerians to vote wisely, as well as hold our elected officials accountable on their promises.

To learn more about our organization, mission, vision, events and activities, please visit www.diasporansforpdp.com or contact us by email at info@diasporansforpdp.com.

THE CIVIC ENGAGEMENT SERIES

The Civic Engagement Series is the flagship event of Diasporans for PDP dedicated to promoting current and future leaders of the People's Democratic Party in Nigeria and in diaspora.

The event brings leaders and the civic population together in town hall formats for exchange of ideas in ways that promote understanding of PDP's agenda, platform and manifesto, among the voting population.

The Civic Engagement Series is organized twice in a year in the form of physical, virtual or hybrid events. It features various speakers on various economic, political and social issues that help to advance public awareness of PDP's stands on those issues.

Please visit our website regularly for news and updates regarding the upcoming event.
